

Early Closing Bill Causes Hot Debate At Trades Council

Number of Members Considered Legislative Committee of Council Had Exceeded Authority—Vote of Censure, However, Fails to Pass

That the legislative committee of the trades and labor council had exceeded its duties in its actions in connection with the early closing bill now before the provincial legislature and had placed the whole council in the light of playing into the hands of political interests were the allegations brought before the trades and labor council by certain members of the body at its regular meeting last evening. After a long discussion a resolution of censure was brought against the secretary and committee but it was defeated by the council sitting in committee of the whole.

Discussion was precipitated when the secretary made a verbal report of the proceedings of the legislative committee, to which the matter of an early closing act had been referred at a previous meeting.

Secretary Clark reported that the matter of the early closing act had been taken up by the legislative committee with the trades and labor council, which had been instrumental in introducing the early closing idea into the legislative council, being the only organized body represented on the council, that was directly interested in the bill kept in shops in the city. It had been authorized by the committee to write to the trades and labor council of other cities in the province asking them to take action on the matter. After he had received these instructions he learned from a delegate of the trades and labor council that the matter had been submitted to Hon. C. W. Gross as representative of the men in Edmonton who were interested in the passage of the bill and that Mr. Gross had been asked to draw it up. In his letter he had conveyed this information to the other council.

Delegate Knight read a copy of a letter sent by Secretary Clark to the trades and labor council in Calgary, Lethbridge and Medicine Hat with which had been enclosed a copy of an English early closing act, the statement being made in the letter that the principle of early closing had been endorsed by the Edmonton trades and labor council and that a bill for presentation to the provincial legislature was being prepared by the senior member for Edmonton modelled after the act enclosed, and that the bill would be presented to the legislature by the senior member.

Delegate Knight pointed out that the tenor of the letter conveyed the impression that the Edmonton trades and labor council was behind it when as a matter of fact the council had had nothing to do with the work of the committee, and had not given the matter of an early closing act consideration.

At this point Delegate Knight brought in the resolution censuring the secretary and the committee, the council having been in committee of the whole for some time, discussing the question. The resolution was defeated by a close vote after some confusion as to rules of order.

LOCAL CONSERVATIVES NOMINATE A. FEWING

Convention Held Last Evening and Candidate Selected to Contest Constituency at Next General or Bye-Election—Fail to Select a Second Candidate

A. F. Fewing, Edmonton selector, Conservative unsuccessful candidate for legislative honors three years ago, is to again seek the suffrage of the public for such office, at the rumored bye-election and at the general provincial election when one is held. Mr. Fewing was last evening nominated by the convention of Conservatives in the Edmonton district to contest any bye-election or general election that may ensue. A second candidate was in training for any emergency that might perchance arise, was not named, although some difficulty was experienced by the state makers to prevent the convention naming a second man anyway. The convention was characterized by the methodical clockwork with every thing was carried out and the chairman, A. Williams Taylor, was given a vote of thanks for the able manner in which he gave dispatch to business.

The enthusiasm of the gathering was equally evoked by the energy devoted to the resolutions passed upon C. W. Gross, when the speakers of the evening unanimously declared to be a fitting candidate in the proposed bye-election. From the trend of remarks at the convention it is evident that the Conservatives will be a prominent factor in the event of a bye-election and that the premier and C. W. Gross will find themselves in receiving the attention of the remarks of the Conservative speech makers who will be sent forth into the highways and byways in search of votes. A keynote of the speeches before the convention last evening was that the Conservatives must, each and every one, work tooth and nail, as one man, rally around the evening speaker and permit no stone to be left unturned.

George W. Houghton was called to the chair to officiate as secretary and the chairman brought to his right for support. Frank Christie, a local organizer, Adjournment was taken to the call of the chair with four days notice, or upon petition of five delegates.

Upon Chairman Taylor rapping for order the preliminaries of the evening calling of the roll, etc., was dispensed with. The names of the delegates were read by the secretary and the chairman announced that those mentioned would be entitled to vote. Other Conservatives present might listen and even talk, but not vote.

Nominate Candidate. Immediately a motion was put by Dr. H. B. Smith that the convention nominate a candidate to contest the rumored bye-election and that a second candidate be also nominated to be a running mate at the general election. J. D. Hyndman, W. H. Morgan, A. B. Giesch, W. H. Giesch and several others spoke stoutly opposing the nomination of a second candidate and the motion was prevailed upon to withdraw the second part of his motion which apparently interfered with the able Hyndman then nominated A. F. Fewing and half a dozen seconded the nomination. It was quickly moved, seconded and carried that nominations be closed, despite the fact that the name of George W. Houghton was nominated, but failed to receive a seconder. A committee composed of J. D. Hyndman, J. B. McIntosh and P. W. Houghton was appointed to go after the convention's nominee and shortly the proposed candidate arrived. He was hailed with loud applause and in his speech to the convention, related with becoming modesty his weakness, stating that in his opinion the convention might have made a wise selection. He briefly touched upon his unsuccessful candidacy of three years ago and urged that all Conservatives unite to a man and work for the cause. He concluded that the party failed to put up a candidate at

the proposed bye-election, it would have lost its cause for existence. He remarked that the party had in the past always come into the fray, though often in the face of certain defeat, and considered that it was quite proper that the riding be contested at this time, the party had in some circumstances he would have refused to become a candidate, but he realized the necessity of some one seeking the office and did not feel like asking others by a close vote after some confusion as to rules of order.

A. F. Fewing. Mr. Fewing remarked that he had heard it on all sides and that it was a general feeling that the Hon. C. W. Gross could not be beat in this constituency, and that it will be necessary to throw every energy into the campaign.

Mr. Fewing especially urged that nothing be done in any campaign that would throw ill repute upon the Conservative party; he would have no dishonest come upon it.

He promised to put forth his own best efforts in the campaign. He urged all Conservatives to do their part individually and assured the convention that in such an event a triumph would be won in the approaching election.

Following the speech of Mr. Fewing another speech was made on the stand when C. G. Benjamin moved, seconded by Col. Carstairs, that a second candidate be nominated and in readiness for an emergency. The mover and also the seconder spoke strongly in favor of the nomination of another candidate, saying that strength would be given the cause and the second candidate nomination would be a solid step.

The same opposition to nominating a second candidate prevailed. The motion was taken several Conservative orators were called upon to speak. J. D. Hyndman, the seconder, was first. Mr. Hyndman assumed to draw a comparison with the present day and three years ago when Mr. Fewing was defeated. He said that three years ago we had no liars, thieves and cut throats, and blackmailers, and there are now. Then Leader was premier and at the present time H. L. occupies the position. He declared that it was beyond him to see how Little and Gross could stand upon the same platform at this time and explain any consistency to their actions in the past.

The government railway policy was declared to be "land in the sky" by the speaker saying that it was a physical impossibility to build railways where they were needed. Then Leader was a strong neopagan to make the campaign together with much strong platform work. Mr. Hyndman declared the Sifton railway policy to be a C.N.R. policy that had failed.

W. A. Griesbach addressed a few remarks to the convention declaring that C. W. Gross was the prime factor in the Alberta Waterways Railway, the man around whom the entire scheme revolved. He declared that he devoted his remarks in attacks upon the former attorney general. George S. Arnesen, the mover, urged united efforts on the part of the Conservatives, urged honorable methods all times during the campaign and passed a few bouquets to the Conservative nominee instead of upon at one when the Conservatives considered would be a Liberal candidate at any possible bye-election. John McIntosh of Stony Plain, stated that C. W. Gross would not be a candidate in any bye-election, saying that such would be preposterous.

Bacchanalian Step Forbidden in Paris

Miss Isadore Duncan Warned Not to Carry Out Program She Had Planned—Rights Are Possessed by Others Should Be Sacrificed to Provide Funds

(Globe Cable Service.)
Paris, Dec. 19.—Miss Isadore Duncan, who has been accepted by Paris where she is now a favorite on the stage and a familiar figure at first nights and such functions, has just had a disagreeable experience. Her special dance has lately been somewhat encroached upon by Miss Lola Fuller and a school of children headed by Mlle. Gaudier, who perform imitations of Miss Duncan's classic baroque dances. Consequently Miss Duncan has announced a series of matinees at which she is to introduce entirely new features, among them being a bacchanalian dance, as she interprets it, as a substitute for the usual evolutions in Wagner's "Tannhauser".
The management of the Paris Opera, however, possesses the exclusive rights of performing "Tannhauser," and yesterday signified by a sheriff's intimation that the dance would not be permitted. Miss Isadore Duncan writes today the following letter explaining her position:
"Will you be good enough to state to my great regret, I find myself obliged to modify the programme of my matinees."

EVERYTHING IS AVAILABLE IN THE NORTH COUNTRY

As Grande Prairie and Peace River Became Favorite Spots for the Blackfeet Indians Long Ago, So They Are Becoming White Men's Choice

The names Grande Prairie and Peace River have become synonymous with prosperity and contentment. They carry the suggestion of ideal surroundings, beauty, fertility and prosperity. Many new districts have been opened in the great northwest, but it remained for this particular section of the west to awaken in the first corner to that country a true sense of its natural possibilities.

Indians' Favorite Spot.
For over 200 years the Blackfoot Indians had lived just south of the Peace River, for here they found in ideal proportions wood, water and grass, with shelter in winter from storms—a fact of history with the abundance of wild fruits and the common birds of North America who make their habitation there, it is very evident that it is a good country to grow crops and raise live stock. These facts have attracted the attention of those looking for homes, for every quarter of the globe.

The Last Chance.
It is a truth that this part of the northwest contains the last great area of free homestead land in North America. There is no land for sale in Grande Prairie or lower Peace River districts, but it is all open for homesteading.

Some Acres.
Grande Prairie comprises about 3-1/2 million acres of agricultural land of a generally unbroken nature, dotted with many beautiful lakes, creeks and rivers. It has a natural drainage and belongs to the great Peace River basin. There is enough timber to give the country the appearance of the old settled parts and relieve the monotony of the bare prairie.

The soil is a black loam of silt formation with a chocolate clay sub-soil deepening to a true yellow clay—no slat.
During the seasons of 1910 and 1911 Jas. H. Pettit, professor of soil fertility, University of Illinois, made a careful test of the soils of Grande Prairie and pronounced them of excellent quality containing the necessary elements for growing all kinds of grain and fully demonstrated that it was equal to any Illinois soil.

Proof of the Pudding.
But the real proof is what are the settlers raising? In conversation with a great number of those who have been there and who live there, one is convinced that there is no question about the ability of the country to support an immense population, for the same crops can be raised that are grown in any other part of Western Canada.

Climate and weather are common property in the north; temperate zone. The climate during the growing season is very similar, and every one knows that Western Canada produces superior yields in quantity and quality—the average yield per acre is higher than any other section of North America. Wheat raised in the north is of better quality.
Millers must have Canada's superior wheat to mix with softer kinds from other fields. All the world knows that wheat which took the first prize at the Centennial at Philadelphia in 1876 was

Graude Prairie and Peace River districts, said "I believe it will become the leading agricultural country of Western Canada on account of having so many natural resources right at hand." He talked with nearly all the settlers and found them more contented than any class of new comers he had ever been among.

It is important to know that the very best class of people are going in there to settle, those with means and experience. This is the one thing that impresses everyone who first comes to Grande Prairie, the splendid class of citizens.

FORM OF OATH MAY BE CHANGED

BILL INTRODUCED IN AMERICAN UPPER HOUSE BY OHIO'S SENIOR SENATOR

(Special to The Capital.)
Washington, D. C., Dec. 19.—The bill recently introduced by Senator Burton of Ohio, which proposes to change the form of oath in Federal courts and elsewhere under the jurisdiction of the United States is in the hands of the judiciary committee of the senate and is now being considered with a view of early action upon the subject. The bill of which Charles J. Bonaparte, the former Attorney General of the United States, and Dr. Trautman, president of Johns Hopkins University, are the sponsors, does not propose to change the religious character of the oath. The principle which it proposes is the substitution of the words "I swear" for the word "swear" in the formula.

Since the introduction of Senator Burton's bill the attention of the judiciary committee has been called to the fact that several of the most progressive countries of Europe have materially changed and modernized the ancient and antiquated forms of the oaths used in judicial proceedings. No country has as yet gone quite so far as Switzerland, the small but highly advanced federation which more than any other country recognizes and vouchsafes absolute freedom of belief and conscience.

As early as 1817, several Cantons of Switzerland, among them the Canton of Vaud, appreciating the inaccuracy of a religious form of oath under so thoroughly liberal a constitution as that of the Swiss Federation, eliminated the religious feature of the oath altogether and changed it to a more solemn pledge. It was found, after a number of years, that the change of the form of oath had a tendency to weaken its binding force, and this logically led to the suggestion to abolish the oath in judicial proceedings altogether.

The Cantons of Zurich and Aargau took the radical step of entirely abolishing the oath several years ago and the result has been so satisfactory that there is no desire to return to the old system. When the Great Council of the Canton of Vaud at its last session considered the draft of a new Civil Code, the abolition of the oath in any form from judicial proceedings was strongly urged and, after an interesting debate, a provision abolishing the oath was incorporated in the new code, which will go into effect on January 1, 1912.

General Election Next Month Promised

(Western Associated Press.)

Christiansburg, N.P.I., Dec. 19.—The general election to come in in January will be kept light on the island province.

electra, has for a good many years been pretty equally divided between the two parties both in federal and provincial affairs. The assembly had been in session for two until the present by-elections transferred that majority to the Liberal party.

But the indications would be that the coming contest might be a fairly equal one with somewhat uncertain chances. The defeat of the Laurier government and the downfall of Peckair administration had impressed the Liberals somewhat and has proportionately advanced the cause of the Conservatives and their allies. There is also the fact that a strong Conservative government has been formed by French-Canadian Liberals.

The election will be by open voting giving an advantage to the party in which the voters are not registered. The plan for the fact that the open vote will be in use during the coming contest has been approved by the assembly, year after year, voted in response the ballot which the Liberals received.

For ordinary work equal parts of hard and arduous applied every night is a safe and reliable cure. Soft corners between the loaves, however, may be cured by the absorption of a small portion or any small piece of cotton cloth between the loaves, just enough to keep them from coming together. At the time the corn will have disappeared.

Farmers of Edmonton District Planning Demonstration to Show This End Some Time in New Year and Ask Local Trades and Labor Council to Assist

Farmers of the Edmonton district in a demonstration to be held in Edmonton and Strathcona some day during the first week of the new year, are to plan their ideas of government ownership of railways in the province before the government. They will ask the council to assist in the new year. They will operate with them. A step in this direction was taken last evening when the farmers of the district met in a hall in the city. The representative of the United Farmers of Alberta appeared before the Edmonton Trades and Labor council in their regular meeting, asking the members of the council and the unions they represented to endorse the movement and to give their answer in the near future.

Mr. Shepherd explained that the farmers and the working men of the cities should be on the same basis with regard to government ownership of railways. The farmer was affected by high freight rates in getting his products to the market and the working men were affected by the same rates in getting their goods to the market.

He stated that arrangements for the demonstration had been made. Government ownership of railways had not been completed but that it probably would be completed in the new year. The farmers were being appointed for the purpose of getting the farmers to come to the demonstration. The demonstration offered a hall in which to hold a number of men meeting and conditions generally indicated the success of the demonstration.

He asked the council to consider the movement and to give their answer in the near future.

There being a great deal of regular business on the books of the trades council it was impossible for them to allow Mr. Shepherd more than two minutes in which to put the proposition before them. No action was taken.

BIG FOUR ANNUAL MEETING IS HELD

At Red Deer Last Night All the Officers of the Past Season Were Re-Elected for Another Term

JAKE FULLERTON STILL STANDS SUSPENDED

Decided That He Shall Remain Under the Ban for at Least Another Year—Charges Brought Against Paddy Johnson, But Not Substantiated

(Special to The Capital.)
Red Deer, Dec. 19.—The annual meeting of the Big Four was held here last night, President Blaney of Edmonton was in the chair, and there were also present, Vice President Roy, Robert Pearson, Red Deer, Dr. J. L. Gibson, Calgary, Tigers, Joe Price, Gloucesters, Secretary, Vivian Graham, Calgary.

The constitution came under consideration for revision and several minor alterations made in no definite change of policy was adopted.

The case of Jake Fullerton came up again and it was decided not to remove his suspension for at least one year. All the officers were re-elected for another term. The championships were awarded as follows: Cecil Cup to Calgary Tigers, Gibson Trophy and Junior (Graham) Trophy to the Alberta University.

The investigations into the charges brought against Paddy Johnson by the Gloucesters were dropped on account of lack of information to work on.

JOE WEST BEAT SUDBURY CHAMP.

Toronto, Dec. 18.—Joe West handed Vachin, the Sudbury crack, a rude surprise in the first half of their twenty-game match for an alleged side bet of \$1,000. West averaged 27.6, and beat his opponent by 156 pins in the 10th game. Vachin's average was 21.6-10. Vachin, who is the proprietor of the Sudbury rink, has a "red groove" in which he rolls his big games, and he was considered unbeatable. The following scores show the results: Joe West: 193, 242, 191, 237, 182, 203, 268, 245, 179, total, 2,265. Vachin: 205, 190, 153, 234, 234, 202, 191, 257, 219, 213, total, 2,109.

The second half of the game will be played here next Saturday.

Frank Loughrey made his reappearance in a Philadelphia ring and gave Young Ernie a hard battle, although he was beaten.

ANOTHER OUTLAW LEAGUE IS FORMED

Is Called Eastern Alberta Amateur Hockey League and Includes Stettler, Gadsby, Castor and Coronation

Castor, Dec. 19.—A meeting of those interested in the formation of a hockey league was held in the council chambers here on Friday evening last, to decide whether the towns along the Lac Beauport branch should enter the A.A.H.A. to form a league of their own. After a long discussion on the subject, it was moved, seconded and carried, that a hockey league, comprising the towns of Stettler, Gadsby, Castor and Coronation be formed.

The following officers were elected: President, A. G. Dury, Coronation; Secretary-Treasurer, C. C. Watson, Castor; executive committee, A. H. Stettler, Coronation; J. J. MacPherson, Castor; A. Talmann, Gadsby; Fred Carler, Stettler.

The new league will be called the Eastern Alberta Amateur Hockey League, and they unanimously decided to adopt the constitution of the A.A.H.A., with the one exception of the term of office, which was changed to read that players shall have resided in the town, village or city in which they play previous to December 31. A meeting of the executive is called for Friday evening in Castor, to make all final arrangements. George M. Dillon of Castor, is putting up a cup for competition in this league, so that the towns entered should have a good wintry sport.

EMERSON ELEGANT CAPTAIN.
A meeting of the players of the Eskimo hockey team was held immediately after the practice last night, and Bud Kent was elected captain for the winter. The team had a fine workout between seven and eight o'clock at the Thistle. The line-ups of the team for its first game will probably be: Goal, Allan; Point, Muirhead; Cover, Dick; rover, Kent; centre, Gordon; right wing, Newman; left wing, Sutherland.

Monte Attell Defeats Greely.
Monte Attell and Johnny Greeley fought six rounds at the Pittsburgh Athletic association and at the finish Attell was the winner by a slight margin.

Asks for His Release, Which Is Granted—Will Probably Join Maritimes

The Eskimos had a good work out at the Thistle rink last night and are in good shape for the practice game awarded as follows: Cecil Cup to Calgary Tigers, Gibson Trophy and Junior (Graham) Trophy to the Alberta University.

McDonnell, of the New York Crescents has asked for and been granted his release, and it is probable that he will join the Maritimes.

WINNIPEG REMARKS ON W.C.L. MEETING

State Peg Organization Has Been Dickered with Superior and Duluth—Poor Prospects

Winnipeg, Dec. 19.—The announcement from Lethbridge that the "Marner" President, C. J. Ekstrom, has finally called a meeting of the Western Canada Baseball League will not be hailed with cheers by the different clubs around the circuit. The clubs have been waiting anxiously for the announcement, so that last season's business can be wound up and some-thing-out. The Winnipeg and Brandon clubs are particularly eager to see where they stand in the league and as the president has announced that the franchise belong to the league, there promises to be something doing in connection with this matter when the moguls get together. The local or whatever league the club will be in the Superior and Duluth clubs in order to forming an International league, but it looks as if it is out of order, less it intends to play outlaws ball, as the league is to be a franchise from the Western league before it can entertain any idea of entering another league, as the baseball laws must be lived up to. A prominent director of the local club who has more stock in the club than any other member, but who has not been taking an active interest in the game of late, says that as far as he is concerned he intends to see that the club lives up to the laws of baseball. He says that some of the officials are talking of entering another league, they have no right to do so, and the club intends to stick by the Western Canada league, by paying its debts and making good on its obligations. He also intends to attend the next meeting and place the case of the Winnipeg club before the league in a true light and hopes to secure sanction to the withdrawal from the league so that entrance can be made into the proposed new association.

Capitals Tie With Giants for Leader

President Scrase's Champions Demonstrate the Come-Back Stuff and Take Two Out of Three—First-Class Scores Rolled

In a first class bowling match between the Capitals and the Giants in the Olympic league last night, the Capitals scored a 9 to victory and are now tied with the Giant for the leadership.

Owing to the absence of Jones and Hamilton both teams bowled four men. The Capitals were the order. Bud White handled himself with a three game aggregate of 504, topping the 500 mark in the first and last a Simonson went over 150 on each game totalling 579. For the Capitals Walters had the high score—229 of which he took in the third.

The detailed scores are appended:

Frank Chance to Quit Next Year
Will Leave Chicago Cubs to Live on Orange Ranch in California

Los Angeles, Dec. 18.—Frank Chance, manager of the Chicago Cubs, has no inclination to lead the team, and, judging from words he had dropped, was this winter, will resign the managership at the expiration of his present contract, at the end of next season. Chance owns a valuable fruit ranch near Los Angeles, and he would rather oversee it than engage in a hot baseball fight.

In a tanning bee with Jim Jeffries, Frank Dillon and a number of sport writers, Chance said:

"Chicago is all right, but really I would not shed tears if I never saw it again. This is the only country for a man to live in. My contract with the Cubs runs another year, and I am planning to play first base next season. But beyond that, I am not giving baseball much thought."

ANNUAL DEATH RATE IN PARKS IS VERY SMALL

Animals on Alberta Preserves Now Number Over 1200 and Are Increasing Very Rapidly—Over 1000 Buffalo—Report by Parks Superintendent

A death rate of only 1.55 per cent among the animals in the confines of the three government parks in Alberta, Rocky Mountain park, Banff, Buffalo park at Watnwright and Elk Island park at Lamont on the G.N.R. is the very creditable record set forth in the annual report of Howard Douglas, Commissioner of Dominion government parks which has just been issued at his office in Edmonton.

To offset the loss there is a natural increase in the total number of animals in the parks at the beginning of the year together with those imported from outside the province of more than 17 per cent.

In the three parks in Alberta there are at present time, according to Mr. Douglas report, 50 elk, 37 moose, 11 antelope, 69 deer, 3 mountain sheep, 2 Persian sheep, 3 four-horned sheep, 9 angora goats and one mountain goat, the smaller animals being in the Rocky Mountain park.

City Hall Notes

For the sum of \$12,000 the city commissioners propose to purchase five lots near the foot of Fifth street from Dr. Christian, lots 6, 7, 8, 9, 10, H.B.M., to be used first for a sewer and then for a better street. The removal of the gravel deposits will bring the lots down to a street level and the property as city lots be worth as much or more than in the present condition.

according to the arguments of the commissioners. This morning resolution was passed asking the city council for authorization to make the purchase.

Water Bait Service.

A petition from a number of residents of North Edmonton was received this morning requesting the city to give a better street. The resolution, North Edmonton, particularly early in the morning and up until 9 o'clock, will also be in the afternoon. A fifteen minute, in preference to a thirty

minute, service is asked. Likewise the petitioners ask that cars be routed through thereby eliminating transferring. The matter was referred to Commissioner Candy to take up with the street car superintendent.

Pump to Be Shipped.

According to advice from the Moran Engineering company of Seattle, the six million gallon pump ordered from that concern is to be shipped from New York City on Tuesday (today) enroute to Edmonton.

The long looked-for steam pipe which has been causing delay at the power house with reference to the erection of the new electric machine, has arrived.

The waterworks superintendent is advocating the building of an addition to the present building occupied by this department for the purpose of affording more office room. No action

was taken in regard to the matter this morning by the commissioners.

Coal Is Offered.

Warm weather is defeating coal dealers' manipulations. This morning the city commissioners were offered Edmonton black diamond coal, six cars a week at \$1.50 a ton at the colliery, freight about 60 cents; or mine run at \$1.35 a ton. The volunteered tender was referred to the power house superintendent with instructions to report as quickly as possible.

The water works superintendent wished an order passed that no more applications for sewer and water installation be received this year. The request was granted.

Upon favorable report of the building inspector a contract was awarded to R. C. Porter, contracting, the Children's shelter, to enclose with glass one of the balconies on the west

side of the shelter. Other changes recommended by the building inspector were adopted.

Miss Jessie Macdonald has been appointed matron of the isolation hospital vice Miss Mitchell, resigned.

ANYOTT A MINISTER.

(Western Associated Press)

NAME ENGINEER WITHIN FEW DAYS

CITY HAS RECEIVED OVER 100 APPLICATIONS TO DATE—BEGIN WORK IN SPRING.

Another step toward gas plant was taken this morning when the city engineer referred to the city commissioners a compilation of the numerous applications received from gas engineers far and wide, for the position of gas plant engineer. The list was laid upon the table to be taken up within a few days with the city engineer for consideration and decision. There are about 100 applications received.

The city advertised for a gas engineer capable of designing and supervising the construction of the proposed municipal gas works, and for the operation of the plant subsequent to its completion. It is desired to have the work proceed so that work can be commenced upon the gas plant with the break of spring. Pending the securing of the services of an engineer little could be done but wait.

AUSTRALIA WINNING.

(Canadian Associated Press)

London, Eng., Dec. 19.—In their innings at Sydney, Australia, were all out for 208. As they had a lead of 129 on the first innings, the M.C.C. eleven are set the task of making 438 runs in their second attempt. When stumps were drawn the day the Englishmen had made 65 for the loss of one wicket, Gunn scoring 16 not out.

We still have some ALLENDALE AGREEMENTS not yet filled in and we should like to fill one up for you. The improvements that are to be put into this property next year will, without doubt, increase the value and before this takes place is the time to secure your lot. DON'T HESITATE! BUY NOW! Don't wait until the best have gone. There is an old saying that "the early bird catches the worm." The same thing applies to ALLENDALE LOTS. The one who buys today does better, and catches something finer, than the one who waits until tomorrow. We have some dandy lots and the prices are from

RUSSIA BUILDS NEW DREADNAUGHTS

THREE NEW SHIPS OF WAR WILL BE LAUNCHED IN THE BLACK SEA SOON AS POSSIBLE

(Globe Cable Service.)
Odessa, Dec. 19.—The three Russian Black Sea Dreadnaughts, whose keels were recently laid at Nikolai, are to be named the Imperatritsa Ekaterina II., the Imperatritsa Maria, and the Imperatritsa Alexandra II. They are being built under covered shipways, one at the Franco-Belgian Chantiers Navals and two in the Admiralty yards. It is not expected that the new vessels will be launched before the early spring of 1912. They will be completed early in the following year.

PORTUGAL WILL PAY INDEMNITIES

TO FOREIGN GOVERNMENTS FOR LOSSES SUSTAINED BY RELIGIOUS ORDERS EXPELLED AT TIME OF REVOLUTION

(Globe Cable Service.)
Lisbon, Dec. 19.—During one of the Parliamentary sittings the government intends to present for discussion and settlement the question of the indemnities to be paid to the foreign governments for the expulsion of the foreign religious congregations. Germany, however, has already declared that she refuses to accept any indemnity, and insists instead upon the Portuguese government giving back the buildings belonging to her nationals, together with the archives, library and furniture in exactly the same state as they were in before the revolution.

BRUTAL ASSAULT IS MADE ON CHANCELLOR

Male Suffragette Hurla Box, Striking Lloyd George in Face

London, Dec. 19.—David Lloyd George, chancellor of the exchequer, was seriously injured while leaving a women's Liberal meeting here Saturday night at which he had just made an address. A male suffragist hurled at the chancellor a box, which struck him full in the face, cutting his lip and badly injuring his eye.

A doctor who attended to the chancellor's injuries said he had a narrow escape from losing his eye. George both addressed the meeting in favor of including female franchise in the government's suffrage bill next year.

The police had taken extraordinary precautions to exclude militant suffragists from the meeting, but evidently some of them forced their way through the barrier.

RECORD FISHING OFF RISH COAST

52,000 TONS OF SEA FISH LOADED IN IRELAND DURING THE YEAR 1910

(Globe Cable Service.)
Dublin, Dec. 19.—The annual report on the sea and inland fisheries of Ireland last issued, states that the quantity of sea fish (excluding salmon and shell fish) landed in Ireland during the year 1910 was greater than that of any of the past eleven years, and amounted to over 52,000 tons, of the estimated value to the fishermen of \$1,582,500. The spring mackerel fishery, although more productive both as regards quantity and value than that of the year 1909, showed no material signs of improvement; but the autumn season was well above the average of that for the past twenty years, and was the best since 1905. The American market, which absorbs practically all this product, was, however, in a most unsatisfactory condition. The salmon and trout fisheries appear to have even less productive than in 1909, but more so than in any other of the past seven years. No sign of disease was observed.

MEMORY OF LARKIN HONORED IN DUBLIN

ANNIVERSARY OF HIS EXECUTION CELEBRATED BY SYMPATHIZERS OF MOVEMENT HE STOOD FOR

(Globe Cable Service.)
Dublin, Dec. 19.—The anniversary of the execution of Allen Larkin, O'Brien was celebrated in Dublin by a procession through some of the principal streets to Glasnevin Cemetery, where a memorial cross is erected. The procession was much larger than those of recent years owing to the presence of a large contingent of the Irish Transport Workers' Union, who were accompanied by James Larkin, members of the Ancient Order of Hibernians, the National Foresters, and other bodies. Among the flags carried was one bearing the inscription, "Irish-American Alliance."

Having entered the cemetery the processionists filed past the cenotaph of Allen Larkin and O'Brien and the graves of Stephens, O'Leary, McManus and other Fenians, on which wreaths were deposited.

FIRST TELEGRAM FROM NEW WIRELESS STATION

Regular Correspondence Is to Be Started in the Near Future Between Spitzbergen and Hammerfest

Christiana, Dec. 19.—The first telegram from the new wireless station at Spitzbergen has been received by M. Hefve, the director of general telegraph here, after travelling by Ingo and Hammerfest. The telegram stated that regular correspondence would be started shortly. All the officials employed at the station were, it said, in good health and living was comfortable, despite the darkness and cold. The message was signed by M. Peterson, the chief engineer and manager of the station.

PLAN ASSASSINATION OF PRESIDENT MODERO

But Scheme in Nipped in the Bud and Three Mexican Conspirators Are Now Lodging in Jail

(Western Associated Press.)
Mexico City, Dec. 19.—A conspiracy to assassinate President Modero and proclaim a provisional presidency pending the coming of General Bernar-

do Reyes to the Capitol to assume the office of president, was frustrated at the last moment of the opinion of the authorities by the arrests today of Generals Pinedo Aguilar and Mellon, Murado of the Federal army and a score of co-conspirators. The plan said to have been disclosed by correspondence, and documents found in the possession of the prisoners was complete in detail.

Modero was to have been shot from

a balcony of the Reforma Hotel, in Venida, by De La Reforma, as he rode from Chapultepec tomorrow.

PAY TRIBUTE TO EX-MAYOR EVANS

CHIEF EXECUTIVE OF WINNIPEG MOVES DOWN FOR HIS SUCCESSOR—HAD SUCCESSFUL TERM

(Western Associated Press.)
Winnipeg, Man., Dec. 19.—At the final council meeting for the year, Mayor Evans and Alderman Adams who retire, were tendered sincere tributes.

Hon. Colin Campbell, minister of public works for Manitoba, introduced a letter to the council that the new parliament building will face on Osborne street, and asked that the plans for the new Osborne street bridge should be made to harmonize. The all-night car schedule was referred back to the new council. The power committee was made to amalgamate with the fire, water and light.

Let eye-glasses be in alcohol for a few moments, then polish with champagne. If the glasses are set into gold frames, a fine camel's hair brush will lift the dust from the edges and makes look like new.

The "shine" that shows a serge shirt or jacket to be no longer new can be removed by sponging the garment with blueing water, such as is used to launder clothes. While still damp press the goods under a thin cloth.

Fruit jars are best marked with labels cut of paper or ribbon. Use the white, heavily gummed ribbon and print the name of the fruit in black ink. Thus mistakes as to the contents of the various jars will be avoided.

To clean baby's bottle put a teaspoonful of rice in a bottle about half full of water, and shake a few minutes and the bottle will be perfectly clean. Rinse well with cold water.

Mint may be raised in a rose bowl, and thus a supply may always be had on hand for seasoning. The bowl should be kept where there is plenty of sunshine.

In sewing buttons on garments that will be laundered have the knot of the thread on the right side between the button and the cloth, and sew over a good-sized pin to allow sufficient thread for shirking.

Molasses cake is improved by being baked slowly. Have the oven hot when first putting in the cake, then cool it off so that the cake may be at least 40 minutes in the baking. A longer time will not hurt.

MEET TO DISCUSS SWINE.

(Special to The Capital.)
Springfield, Ill., Dec. 19.—The Illinois State Swine Breeders' association began its annual meeting in this city today, with President E. C. Stone of Peoria presiding. This afternoon the members paid a visit of inspection to the State biological laboratory. The sessions will continue over tomorrow and will conclude in the evening with a banquet.
